
July – December 2023 In-Service Training Schedule

Eighteen hours of approved In-Service training is available via live webinars:

Topic 1:	6 hours
Topic 2:	6 hours
<u>Topic 3:</u>	<u>6 hours</u>
Total:	18 hours

Webinar Registration and Attendance Requirements

Learners who wish to participate in these training sessions must register for the specific offering that they wish to attend. The class size for these offerings is limited to 2,500 attendees.

When registering for a webinar, you must:

1. Register for the webinar using your **code enforcement credentials** and the email address that you actively use.
2. If the computer/tablet that you are using to register automatically fills in form fields (names, addresses, phone numbers, etc.), you must ensure that this information is correct prior to clicking “Submit”.

When attending a webinar, you must:

1. Login to the webinar using a computer, tablet, or mobile device.
2. Login using use the same email address that you used to register for the webinar.
3. Use the registration ID that was emailed to you by WebEx when your registration was confirmed.
4. Login no later than 15 minutes after the scheduled start time of the webinar.
5. Log out **no earlier** than:
 - a. the scheduled end time if the webinar ends late, **or**
 - b. the actual end time if the webinar ends early.

You can connect to the audio portion of a webinar by calling in from a phone. This may be necessary if you cannot use your computer for audio. You will then receive the audio portion of the webinar through your phone and the visual portion through your computer. You will not receive credit for attending a webinar if you call-in only.

Please allow at least three weeks for webinar training records to show up in your SLMS training history.
